

SAP Note 1793534 - AJUSTE SINIEF 20/12 - New Codes for Origin of Material

Note Language: English

Version: 1 Validity:

Valid Since 27.11.2012

Summary

Symptom

This note provides you with the relevant system changes adding new options for origin of material field (domain J_1BMATORG).

Other terms

J_1BMATORG, Material Origin, Ajuste SINIEF 20, Brazil.

Reason and Prerequisites

This note is relevant only for BRAZIL.

Due to the delivery of table A of AJUSTE SINIEF 20, of November 7, 2012, the field origin of material was changed adding the following possibilities:

- o 3 - National - with import content over 40%
- o 4 - National - production with tax incentive
- o 5 - National - with import content less than or equal to 40%
- o 6 - Foreign - imported directly, no similar national, listed in "Resolução CAMEX"
- o 7 - Foreign - acquired nationally, no similar national, listed in "Resolução CAMEX"

Solution

- o As a general rule, SAP recommends that you install a solution by applying a Support Package. However, if you need to install a solution earlier, use the Note Assistant to implement the correction instruction. You can find more information about the Note Assistant in SAP Service Marketplace, under service.sap.com/note-assistant.
- o Note that documentation, transactions, and Customizing activities are only delivered via Support Package.
